II. Professional Summary:

A. EDUCATION:

Bachelors of Science (BS), Biology
University of Cincinnati
Cincinnati, Ohio, 1979

Master's of Science (MS), Environmental Science emphasis in Industrial Hygiene
College of Medicine, Kettering Laboratories
University of Cincinnati
Cincinnati, Ohio, 1987

B. EXPERIENCE:

Principal Environmental Scientist/Owner & Founder
Advanced Building Forensics, Estero, FL
September 2007 to Present

Expert witness litigation support; conducts microbial and chemical field investigations for the purpose of legal case development and insurance claim adjudication. Provides expert opinions regarding the conducive nature of individual exposures and water impact of commercial and residential properties. Develops mold remediation protocols and performs microbial assessments in accordance with FL Mold Regulations. Corrosive drywall and Indoor Air Quality expert. Water damage and mold expert through eight named Hurricanes.

Vice President/Sr. Environmental Scientist

Clean Air Inspections, Estero, FL

March 2006 to September 2007

Lead team of scientists on environmental forensic investigations of 20 high-rise hurricane impacted commercial and residential buildings. Oversaw all technical and litigation support activities advising clients on scientific issues impinging on their case. Responsible for managing field personnel in all facets of environmental projects. Aided in new client development. Reviewed technical issues for new product development and provided marketing and advertising recommendations.

Principal Scientist, Owner & Founder

Environmental Diagnostics, Inc., Chicago, IL

September 1989 to March, 2006

Expert witness litigation support; conducts microbial and chemical field investigations for the purpose of legal case development and insurance claim adjudication. Provided expert opinions regarding the conducive nature of individual exposures and water impact of commercial and residential properties.

Responsible for management of projects and cases involving industrial hygiene; microbiological assessment and remediation; expert witness; chemical exposure assessments including isocyanates; indoor air quality studies, warning labels and MSDS development and compliance; asbestos project design, oversight, inspection and air sampling; UST management, HAZWOPER site safety and health plans; ambient air monitoring of hazardous waste sites and off-gassing of sanitary landfills; safe haven analysis; odor detection; safety audits; air emission permits; waste anesthesia gas detection, safety program development and review; ventilation system evaluation; and noise studies, hearing conservation programs, and community noise evaluations. Employee training regarding hazardous waste operations.

Project Consultant

Occusafe, Inc., Chicago, IL

August 1987 to September 1989

Lead teams of industrial hygienists in field inspections of buildings involved with asbestos litigation. Over 200 buildings inspected and sampled (air and bulk). Responsible for conducting a broad spectrum of industrial hygiene surveys and safety audits. Performed ergonomic evaluations of office work stations and assembly lines. Developed HAZCOM programs, audits for flammable and combustible solvents, and asbestos project design, management, inspection and air sampling.

Environmental Health and Safety Manager

Richard Klinger, Inc., Sidney, OH

May 1985 to August 1987

Fully responsible for development of corporate environmental, industrial hygiene and safety policies at an asbestos gasket manufacturing plant. Advised executive offices of potential environmental and safety issues related to new product development. Developed sampling strategies and conducted industrial hygiene studies for detection of asbestos fibers. Developed and implemented HAZCOM program including labeling, MSDSs and employee training.

Industrial Hygienist III

Industrial Commission of Ohio, Bureau of Workers Compensation

June 1979 to May 1985

Performed over 500 industrial hygiene studies for automotive, food processing, foundries, microelectronics, chemical manufacturers, metal fabricators, heavy equipment, health care facilities, printing, pesticide producers, plating operations and paint applications including isocyanates. Also performed occupational disease investigations for determination of whether a particular claim could be supported by environmental factors observed in the workplace.

III. Professional Affiliations:

American Council for Accredited Certification (1992-Present)

American Conference of Governmental Industrial Hygienists (1981-2015)

American Industrial Hygiene Association (1984-Present)

American Board of Industrial Hygiene (1987-Present)

American Academy of Industrial Hygiene (1987-1998)

American Society of Safety Engineers (1992-2008)

Board of Certified Safety Professionals (1993-Present)

American Hospital Association (1995-1998)

American Society of Heating, Refrigeration, and Air Conditioning
Engineers (1996-1998)

American Indoor Air Quality Council (2002 to Present)

Indoor Air Quality Association (2002 to Present)

ASTM Participating Member (2006)

IV. Certifications and Professional Licenses:

Certified Industrial Hygienist (CIH), American Board of Industrial Hygiene, Certification No. 2915, Comprehensive Practice, (1985-Present).

Certified Safety Professional (CSP), Board of Certified Safety Professionals, Certification No. 11502, Comprehensive Practice (1991-Present).

Licensed Industrial Hygienist (LIH), Illinois EPA, Lic. No. 00198, (1999-2004).

Industrial Hygienist in Training (IHIT), American Board of Industrial Hygiene, (1982-1985).

Certified Indoor Air Quality Consultant (CIAQC), American Indoor Air Quality Council, Certification No. 444 (2002-2009).

Council-Certified Environmental Thermography Consultant (CETC), American Council for Accredited Certification, Certificate No. 1012017; (2010-Present).

Council-Certified Indoor Environmental Consultant (CIEC), American Council for Accredited Certification, Certificate No. 0512065; (2009-Present).

Licensed Mold Assessor (LMA), Dept. of Business and Professional Regulation, State of Florida, Lic. No. MRSA48; (2010-Present).

Asbestos Project Designer, Illinois Dept. of Public Health, Lic. No. 100-0294, (1988-1997, 1999-2002).

Asbestos Air Sampling Professional, Illinois Dept. of Public Health, Lic. No. 100-0294, (1988-1997, 1999-2002).

Asbestos Building Inspector, Illinois Dept. of Public Health, Lic. No. 100-0294, (1988-1997, 1999-2002).

Asbestos Contractor Supervisor, Illinois Dept. of Public Health, Lic. No. 100-0294, (1988-1997).

Asbestos Management Planner, Illinois Dept. of Public Health, Lic. No. 100-0294, (1988-1997).

Asbestos Hazard Evaluation Specialist, Ohio Dept. of Health, Certificate No. 3702, (1988-1993).

Asbestos Hazard Abatement Specialist, Ohio Dept. of Health, Certificate No. 22486, (1988-1993).

V. Theses, Publications, Papers and Presentations:

A Longitudinal Field Study of Airborne Fiber Levels during Asbestos and Non-asbestos Sheet Gasket Manufacturing, Thesis, University of Cincinnati; 1987.

“Ambient Air Monitoring during Manufactured Gas Plant Soil Remediation”, Poster Session, AIHA Conference, Atlanta, Georgia; 1998.

VI. Committees:

ASTM D22.08 Mold Inspection and Analysis Committee Member, 2006.

VII. Seminars and Courses Attended:

Hazard Recognition Education Program, Industrial Commission of Ohio, Division of Safety and Hygiene, July 13-18, 1979.

Understanding Respiratory Protection, American Industrial Hygiene Association, November 19-21, 1979.

Industrial Hygiene Measurements, University of Cincinnati, Institute of Environmental Health, September 10-20, 1979.

Industrial Hygiene Engineering, US Dept. of Health Education & Welfare, NIOSH, June 9-20, 1980.

Industrial Hygiene Chemistry, University of Cincinnati, Institute of Environmental Health, October 13-17, 1980.

Noise Control Engineering, University of Cincinnati, Institute of Environmental Health, February 17-20, 1981.

A Comprehensive Review for Industrial Hygiene Professionals, University of Cincinnati, Institute of Environmental Health, May 10-14, 1982.

Principles and Practice of Industrial Toxicology, Wayne State University, College of Pharmacy and Allied Health Professions, October 16-20, 1983.

Industrial Hygiene Comprehensive Review Course, Midwest Institute for Occupational Health and Safety, 1984.

Implementing the Hazard Communication Standard, University of Cincinnati, College of Medicine, December 4, 1985.

Sampling and Evaluating Airborne Asbestos Dust, NIOSH 582, Environmental Diagnostics, Inc., March 21, 1992; Cert. No. 00101.

Indoor Air Pollution, University of Illinois at Chicago, IL Occupational Health and Safety Education Resource Center, January, 21, 1994.

Landing Zone Preparation Course, Midwest Medflight, October 28, 1994.

Asbestos Inspector (Initial Training Course), Environmental Institute, February 10, 1988; Cert. No. 7094.

Asbestos Management Planner (Initial Training Course), Environmental Institute, February 12, 1988; Cert. No. 7068.

Practices and Procedures in Asbestos Control (Initial Training Course), University of Illinois at Chicago, Midwest Asbestos Information Center, December 1-3, 1987; Cert. No. 1519.

HAZWOPER 40-Hour Site Worker Training (Initial Training Course), Patrick Harmon & Associates, August 12-17, 1990; Cert. No. 817900001.

All Ohio Safety Congress & Exhibit, Bureau of Worker's Compensation, Division of Safety and Hygiene; attendance in 1980-1985.

American Industrial Hygiene Conference & Exposition, sponsored by AIHA; attendance in 1985-1990, 1992-1999.

Certified Indoor Air Quality Professional Review Class, American IAQ Council, June 12-14, 2002.

Indoor Air Quality Association 2002 Conference, Training and Certification Forum, September 29 to October 2, 2002; Orlando, Florida.

Mold Litigation: Beyond the Basics Conference, Harris Martin Publishing, October 10-11, 2002; San Antonio, Texas.

Indoor Air Quality Association 2003 Conference, New Era of IAQ Standards and Regulations, October 1-4, 2003; Chicago, Illinois.

Florida Inter-County IAQ Council, 3rd Annual Open House, April 28, 2006.

AIHCE 2006 Conference + Vent, Reaching New Heights, May 15-18, 2006; Chicago, Illinois.

Indoor Air Quality Association 2008 11th Annual Meeting & Exposition, June 12-14, 2008; Tampa, Florida.

Infrared Thermography Level 1 Training, Infrared Training Center, May 12-15, 2009; Oakbrook, IL.

Indoor Air Quality Association, 2010 13th Annual Meeting & Exposition, March 7-9, 2010; Tampa, Florida.

Indoor Air Quality Association, "Anti-Microbial Use," IAQA Webinar; December 16, 2011.

Fundamentals of Infection Control in Health Care Facilities as it Pertains to ICRA/PCRA, The Linders Health Institute; M. Linders. St. Mary, Fl, January 26-27, 2012.

Bacteria: Evaluating Exposure and Health Risks; EMLab Webinar, Harriet Burge, February 15, 2012.

Indoor Air Quality Association 2012, 15th Annual Meeting & Exposition, March 5-7, 2012; Las Vegas, NV.

Indoor Air Quality Association 2013, 16th Annual Meeting & Exposition, February 26 to March 1, 2013; Orlando, FL.

Fire and Smoke Damage Investigations and Testing Options for Combustion By-Products; E. Mirica, EMSL Webinar; October 24, 2013.

Indoor Air Quality Association 2014, 17th Annual Meeting & Exposition, March 17-19, 2014; Nashville, TN.

Indoor Sciences, Certified Microbial Investigator Prep Course, 24 hours; completed July 21, 2014.

Indoor Air Quality Association 2015, 18th Annual Meeting & Exposition, March 16-18, 2015; Grapevine, TX

Indoor Air Quality Association 2016, 19th Annual Meeting & Exposition, January 24-27, 2016; Orlando, FL

Indoor Air Quality Association 2017, 20th Annual Meeting & Exposition, January 30-February 1, 2017; Las Vegas, NV

Indoor Air Quality Association 2019, 21th Annual Meeting & Exposition, January 14-16, 2016; Atlanta, GA

VIII. Patents:

Wall Cavity Evacuation System for Chinese Drywall, Provisional Patent; Application No. 61/269,121, July, 2009.
